Rankin. Re abstract survey &c as it is. I shall consult the survey supt. after I hear from Mr Cumming.

26/10/12

Mr Chisholm

I am very sorry — even more than very sorry — that any figures furnished from the Secretariat should have been misleading —

As will be observed from the abstract statement annexed even the kept row proposed & the figures & all figures there are shown in the accounts areas of Sirpani gardens and also areas of gardens in which Sirpani is grown with cocoanuts — The error has arisen by ignoring the latter and I am not aware that this latter figure was withheld from you — Annexed to this letter is the statement with Talukwar details which was prepared at the same time & which has been sent me for my confidential — The abstract of this is annexed to the draft order proposed and I don't understand why it is ignored even in the draft —

I did not see your minute on Sirpani or I should have at once pointed out the error of taking the halat & distributing it over the area of only purely Sirpani gardens.

We have got the areas of Sirpan gardens & of mixed gardens. At best these areas are but approximate

as they have not been separately measured -
They ~~may~~ are obtained by Shanbhogues
posting on separate paper the areas of
what from local knowledge they consider
to be purely Bagayat gardens or the mixed
gardens - The figures may be taken as
fairly approximate; & in order to secure
the best approximation for the special
purposes now in view Deputy Cs may be
asked to get their Hobs & Amildars to
check some of these detailed statements
& submit returns which may be relied upon
as most approximate -

To fix the proportion of Bagayat or
mixed gardens is more difficult; but
Shanbhogues & Patels can help to do it with
fair approximation and the Superior
Revenue Officers should be asked to check
these statements by actual verification
on the spot - We must think indicate
the way this should be done - We might
say that

first the area & assessment as per Survey
accounts of these mixed gardens should
be posted

next the proportion represented by areas
in the Register should be noted that Bagayat

Where & other produce in these
mixed gardens -
Next the area and assessment according
to this proportion should be ascertained
- Mehealy calculated, and posted
& last by the Stats of these papers
Made up -

Nuts for Mukhtahsil -

| As per survey accts | | | Trees from | Rt² Proportion of Supari | area & assessment of Rt² Supari | |
|---|---|---|---|---|---|---|
| No | Area ac — g | assessment R — a | Supari Cocoanut & Plantains | 4a | area ac — g 1 — 5 | ass't 11 — 4 |
| 4 | 4 — 20 | 45 — a | | | | |
| 6 | 15 — a | 30 — a | Supari and ~~Plantains~~ Beetleleaves | 16a | 15 — a | 30 — a |

& so on -

It is in this way that we
Carpet the area over which the Kaleet
may be distributed without mistake -

As to the manner in which mixed
gardens have been assessed Dy Cs & Amildars
may please be consulted - But pukka
regr is to be had only in the Survey Dept.

I beg you to instruct whether
the draft as prepared may pass or whether
you wish it modified as suggested
or ~~suggested~~ above -

Beg you will overlook any

Errors of attempt at expression in
this letter written under great
pressure for time —
I trust that these
lines will find you in good
health
I am Dear Sir
Yr. very sincerely
Wm. Hazlitt

The Hon.ble
P. Chenbat Amherstburgh Esq.r &c &c

CHIEF SECRETARY'S OFFICE.

# REVENUE BRANCH.

## OFFICE NOTE.

SUBJECT. Discrepancies in the Supari Accounts of 1890-91

LAST REFERENCE. Letter No. 3177/757 dated 18 April 1893 from Deputy Commr: Kolar

Govt Pro: No: 102-9.

On an examination of the accounts received for the year 1890-91 Government observed certain inconsistencies in the areas of Supari gardens and the Salat duty collected in Some of the Distrists, and called upon the Deputy Commrs to Submit Statement Showing the areas of mined gardens and the estimated extent in them occupied by the Supari trees The Dy Commrs were also requested to explain how the mined gardens had been assessed and how the rates charged on them Compared with

gardens.

2. With reference to the above, the Dy Commrs in submitting the statements called for report as follows:—.

3. The Deputy Commr: Bangalore District, reports that the area of Supari gardens given in the accounts for 1890-91 represents the extent of only Supari gardens, and gives the estimated extent occupied by Supari trees in mixed gardens as 1703 acres. The Amildars of Hosakoté, Nelamangala and Kankanhalli however give no details as to the approximate area occupied by Supari trees in mixed gardens and it is remarked against the latter Taluk that

S. No: 27.

Bangalore

that there are only very few Supari trees in few mined gardens.

S. No: 10.
Part II

4. The Deputy Commissioner Kolar District submits that only a little Supari is produced in the mined gardens and as this is used for domestic use it pays no halat. He gives 1099 acres as the area of mined gardens, the estimated extent of pure Supari trees in them being 73 acres. The Deputy Commr. endorses the Tahsildar's report to the effect that the extent shown under the head "Pure Supari gardens" comprises unplanted portions of the entire Survey numbers on which the gardens stand, and that mined gardens containing 10 to 12 arecanut trees have

been exhibited as "Pure Supari gardens" in the accounts. Hence the area appears large while the number of trees is small. The arecanut produce of the Taluks is insignificant compared with that in other parts of the Province and the same is mostly utilized by the owners for their home consumption.

5 The Deputy Commissioner of Sunkeri District reports that the area of 207 acres shewn in the accounts for 1890-91 represents ~~the area~~ of purely arecanut gardens, and gives 17,050 acres as the area of mixed gardens, the estimated

S. No: 29. Part III

Sunkeri

estimated extent occupied by pure arecanut trees being put down as 12,360 acres.

S. No: 7. Part IV

Mysore

6. The Deputy Commissioner Mysore District states that the area of 84 acres noted in the Progs: under reference relates to pure Supari gardens in the Mandya Taluk assessed at from Rs 4 to 7 Rs per acre, while the mined gardens have been assessed at garden rates as fined* by the Survey Settlement. The total area of mixed gardens viz. 17,192 acres exhibited in the annual accounts for 1890-91 and shewn in the Proceedings above alluded to has now been reduced by the Deputy Commr: to 15,918 acres on the ground that the area of 1,452 acres shewn against the Gundlapet Taluk has during the Survey

* The rate of assessment on mined gardens being from Rs 1-2-- to Rs 10 per acre.

at 179 acres only. The total area of mixed gardens being thus reduced to 15,918 acres, the estimated area in which Supari trees are grown is shewn as 7,920 acres.

7. The Deputy Commissioner of Hassan states that 239 acres shewn in the Proceedings under reference represent the area of pure arecanut gardens as shewn in the Nagadiyat returns, and observes that the amount shewn as Revenue derived from Supari in the Administration Report of 1890-91 includes not only the duty levied on Supari produced in the area of pure arecanut gardens, but also includes the duty levied on Supari produced in the mixed gardens. The area of mixed gardens being 13727 acres, the

S. no: 6 Part I
Hassan

the estimated extent occupied by Supari trees is shewn as 5,071 acres

S-NO: 41.
Part VI
Shimoga

8 The Deputy Commissioner, Shemoga District, states that the area occupied by purely Cocoanut gardens is in all 5.3 acres, which is little or nothing when compared with the large extent of 15,708-24 acres of purely Supari gardens. He reduces the area of mixed gardens from 2,535 acres to 2,334 acres owing to some corrections in the accounts of the Honalli & Sorab Taluks against which an area of 301-4-0 & 308 acres and 5 guntas respectively had been shewn in the accounts of 1890-91 against 300 acres & 35 & 107 a & 2 s now reported.

× as per Estimate now framed by him. Vide col: 6 of his statement marked B.

9. The Deputy Commissioner also explains that the major

major portion of the above
area of mined gardens
ought not to have been in-
-cluded under this head,
for, the majority of the so-
called mined gardens
are really arecanut gardens,
but treated as mixed
gardens simply because
they contain a few cocoanut
trees; that these insignifi-
-cant cocoanut trees have
been planted next to
the hedges or enclosures
around, and in several
instances along with other
trees such as jack, mangoes &c
chiefly with the object of
affording shade to the
Supari trees forming
the gardens in question;

that.

Te 2334 acres

that the Cocoanut trees are not taken into account at all by the gardeners in the valuation of their respective gardens, the value depending wholly on the growth in them of Supari alone and that the present classification, which is extremely faulty, has been existing for many years and has to be revised with due enquiry and care hereafter. The Deputy Commissioner finally submits that it is of no practical use to deduct anything in the extent of these really arecanut Gardens wrongly classified as mixed gardens in the Annual Accounts.

10. The Deputy Commr. therefore suggests and

× as shewn in the statement appended to the Dy Comm's letter marked C.

has been adopted partly this suggestion in the Statement submitted by him as per existing accounts (not according to the accounts of 1890-91 now in question), that 2/3rds of the area of mixed gardens as they are now called may safely be transferred to the head "Supari gardens" proper, and out of the remainder, viz, 778 acres retained under the head "mixed gardens", 3/4ths or 583 acres may again be put down for Supari and the remainder for Cocoanut. By adopting this calculation and taking the area of Pure Supari gardens as given in the accounts of 1890-91, ~~the area of mixed gardens is reduced to 195 acres while~~ the total area of ~~pure~~ Supari ~~gardens~~ under

| | × | acres. |
|---|---|---|

| $\frac{2}{3}$rds of 2334 | | 1556 |
| | | 15,708 |

$\frac{2}{3}$rds of 2334 = 1556 acres

Director

is

As per accounts of 1890-91 —— 14,081
2/3rds of 2334 acres —— 1,556
3/4ths of 778 acres —— 583
16,220

is raised to 16,220 acres

11. In the Statement submitted by him marked B, the Deputy Commissioner has however not taken into account 3/4ths of the area of mixed Gardens which he says may safely be put down for Supari. If approved, the Deputy Commissioner may be requested to exhibit correct area of pure Supari & mixed Gardens in the accounts for the Current year.

12. With regard to the difference in the duty collected on Supari, the Deputy Commr. states that the account of duty collected includes both the duty collected on Supari grown in the Gardens situated in Government Villages & also of the Gardens in the Inam, Kayenguttu & Jodi Villages, though the area & assessment of

3/4ths of 778 = 583 acres

With carelessness which is beginning to be frequent in such matters in District Offices the totals do not tally with the letter - The figures above given in this memo are in accordance with the figures in letter.

such gardens are not included in the annual accounts (Nagadiyat Returns) submitted to Government.

13. The Deputy Commissioner adds that he is making needful enquiries in the matter of the differences of production of Supari & the Salut duty & will submit a report if one is found necessary, but that best endeavours are being made to check smuggling.

14. The Dy Commissioner of Kadur reports that the area of 7,602 acres shewn in the Return of 1890-91 does not include the area of Supari trees grown in Cocoanut gardens, but represents the area of pure Supari gardens which exist to a large extent in the Malnad & to a limited extent in the Maidan Taluks and that every arrangement has been made to see that

Serial No 24. Part VII

Kadur

no where leave to dutyis

smuggled and that duty on such articles is levied according to the rules and credited.

15 He further reports that the rates of pure Supari gardens range from 1 Rs to 22 Rs and those of mixed gardens from 1/2 Rs to 16 Rs. pure Supari gardens in the Kilimuglur Taluk is used for home consumption, that grown in the mixed gardens is liable to duty when transported. He adds that the areas under Supari grown in the

S. No. 3.
Part-VIII
Chittoor

16. The Deputy Commissioner of Chitaldurg states that the area of 5·7 acres assessed at Rs 275 represents pure Supari gardens; and that the mixed gardens in the District being situated under tanks, having also an additional source of water supply from Kapile wells, while the pure gardens are mostly supported by Kapile wells, the rate of

assessment

assessment upon mined

gardens is higher than that fixed on pure Supari gardens. The estimated extent of Supari trees in the mined gardens is stated to be 2,838 acres.

17. It will be seen from the above that none of the Deputy Commissioners except that of Hassan say whether the halat duty exhibited in the Statement given in para 1 of Govt. Proc. No: 102-9, dt 27th Octr 92 was collected on the area of pure Supari gardens or whether it was collected on the arecanut produced in both the pure and mined gardens.

18. The Deputy Commissioner of Tumkur especially should have explained on this

point

point, but it is clear from the figures now furnished by this officer that it was not only the area of 207 acres that realized a halat duty of Rs 58,754 but it was this + 12,360 acres occupied by Supari trees in mixed gardens that realized the above sum.

19 The Deputy Commr: of Kolar says that while the area of Supari gardens ~~is~~ large, the number of trees is very small, and that as the little quantity of Supari produced in the District is used for domestic use, no halat duty is collected thereon.

20. The Deputy Commissioner of Shemoga on the other hand submits that it is not only the area that ~~it~~ is exhibited in the

Proc:

proceedings referred to that has realized the halat duty of Rs 2,13,137, but it is also the area of Supari gardens in the Inam and Kayemgutta villages (not included in the Nagadiyat Return) that has contributed towards it.

Submitted for orders with 2 Statements prepared in this office.

B.D. 4/5/93

N 9/5/93

Supt. & the Commissr (Rev) -

The annexed Abkari Statements furnishes the information required for 90-91. It will appear therefrom that

(a) In the Nuzvid Distt the assessment is on an average Rs 14-8 per acre and the Halaut on an average Rs 13-0 per acre.

assmt Rs 20427 on 1408½ acres

(6) In the Mississippi the Agricultural ~~average~~ 14 lbs per acre and the Kaluk #6-11 per acre.

| Total | 22560 | 314684 375759 |

2. There appears to be some error in the areas given, as it is impossible that an area of 239 acres in Hassan could have yielded a duty of only 42574 Rs, while a smaller area in Tanjore yielded as much as Rs 58754- Again 94 acres in Mysore yielded a duty of Rs 3118 while nearly the same area in Salem yielded only Rs 36. Probably the areas given do not include Supari trees in Cocoanut gardens, or there has been much smuggling in some Districts.

If Dr Cleghorn can be requested to explain the matter, & if, as is presumed, the areas given represent the area of any pure supari gardens, & not also the area of other gardens

on stock Supari trees are grown along with other trees, to submit a Statement showing the areas of such mixed gardens, & the ~~probable~~ estimated extent in them occupied by the Supari trees — They should also explain how these mixed gardens have been assessed & how the rates charged on them compare with those charged on pure Supari gardens.

3. The Govt are sorry to find such misleading Statements ~~provided~~ without any explanation, & they trust that the Dy Comrs will in future pay more attention to the Statements sent by them.—

4. The reply to the Bd should be sent before the end of November.—

Chief Secy

when I was drawing up my memo on supari gardens, you gave me the area of Supari gardens in the Province as 22560 acres & I acted upon it — I have find this all wrong — Some one ought to have pointed out this error — Our accountants seem to believe like printers, & not as intelligent accountants — We must do something to improve the efficiency of the Accts Dept, & I have written to the Deputy on the subject —

20/10/92

Please issue the Bds order —

A separate note is put up

The figures given in para 1
are for the year 1890-91, not
for 1891-92.
18/11/92

CAMP No. 102—9, DATED MYSORE, 27TH OCTOBER 1892.

ORDER.—In the accounts received with the Revenue Administration Reports for 1891-92, the area and assessment of Supari gardens, and the amount of duty collected on supari during the year are given as shown below :—

| District. | Area. | Assessment. | Amount of duty collected. |
|---|---|---|---|
| | Acres. | Rs. | Rs. |
| Bangalore ... ... ... ... ... | 212 | 1,532 | 230 |
| Kolar ... ... ... ... ... | 78 | 706 | 36 |
| Tumkur ... ... ... ... ... | 207 | 1,820 | 58,754 |
| Mysore ... ... ... ... ... | 84 | 385 | 3,118 |
| Hassan ... ... ... ... ... | 239 | 1,281 | 4,254 |
| Shimoga ... ... ... ... ... | 14,081 | 2,04,217 | 2,13,137 |
| Kadur ... ... ... ... ... | 7,602 | 1,04,468 | 88,315 |
| Chitaldroog ... ... ... ... | 57 | 275 | 7,915 |
| Total..... | 22,560 | 3,14,684 | 3,75,759 |

2. There is apparently some error in the areas given, as it is impossible that an area of 239 acres in Hassan could have yielded a duty of only Rs. 4,254, while a smaller area in Tumkur yielded as much as Rs. 58,754. Again 84 acres in Mysore yielded a duty of Rs. 3,118, while nearly the same area in Kolar yielded only Rs. 36. Probably the areas given do not include supari trees in cocoanut gardens, or, there has been much smuggling in some Districts. The Deputy Commissioners are requested to explain the matter, and if, as the Government presume, the areas given represent the area of only pure supari gardens, and not also the area of other gardens in which supari trees are grown along with other trees, to submit a statement showing the areas of such mixed gardens, and the estimated extent in them occupied by the supari trees. They should also explain how these mixed gardens have been assessed and how the rates charged on them compare with those charged on pure supari gardens.

3. The Government are sorry to find such misleading statements without any explanation; and they trust that the Deputy Commissioners will, in future, pay more attention to the statements sent by them.

4. The reply to these Proceedings should be sent before the end of November

280 Chulaleroog district

Chulaleroog 3d december 1892

To

The Chief Secretary to the
Government of Mysore

Sir,

With reference to Government Proceedings No. 102-9 dated 27th October last, calling for certain explanations regarding the area shown in the Supari gardens account submitted with the Revenue Administration Report for 1890-91 of this district and directing the submission of a Statement showing the area &c of miscad gardens, I have the honor to state that the area entered in the account submitted for 1890-91 viz, 57 acres assessed at Rs 275---- was only the extent of pura Supari gardens -

2.- I beg to submit herewith a Statement showing the areas of miscad gardens and the estimated

Supari trees. The mixed gardens in this district are generally situated under tanks, having also an additional source of water supply from kapila wells, while the pure gardens are mostly supported by kapila wells. Consequently the rate of assessment upon mixed gardens is higher than that fixed on pure supari gardens.

I have the honor to be
Sir,
Your most obedient servant

Offg: Deputy Commissioner

GOVERNMENT OF MYSORE

No. 669 Secy

Deputy Commissioner's Office,
Hassan District.

Dated Hassan 21st December 1892

From,

P. N. Purnaiya Esqr.
Deputy Commissioner
Hassan District.

To

The Chief Secretary to the
Government of Mysore.
Bangalore.

Sir,

With reference to Government Proceedings No. 102-9 Dated 27th October 1892 requesting to submit an explanation on the discrepancies pointed out in the account received with the Revenue Administration Report for 1890-91 (not 1891-92), I have the honor to state that in the Comparative Statement showing increase and decrease

of

of Revenue under various heads (vide part V of the Administration Report for 1890-91), only the Revenue derived under the item Supari viz Rs 4,254-4-4 is entered where-as in the Najadiyat Annual Returns Nos: 20 in Columns 54 and 62 the extent of pure arecanut garden and extent of arecanut and Cocoanut gardens are put down as shown in the margin.

Arecanut garden . Area 239 acres
Cocoanut and arecanut gardens . 132.92. do

2— Hence it will be observed that the amount shown as — Revenue derived from Supari in the Administration Report of 1890-91 includes not only the duty levied on Supari produced in the area of pure arecanut gar-dens; but also includes the duty levied on Supari produced in the area

area of arecanut garden merged in the area shown in the Nagadi -yat account Serial No: 20 Col: 6 (arecanut and Cocoanut gardens).

3— From the above it may be seen that 239 acres shown in the statement appended to the first para of the Proceedings under reference, are the area of pure arecanut garden as shown in the Nagadiyat Return alluded to

4— I have therefore, as called for, submitted herewith a statement showing the areas of mixed garden and the Estimated extent in them occupied by Supari trees and showing how the rates charged on them Compare with those charged on pure Supari Gardens.

5— I may further state that — 5312 acres shown in the statement

as

as the probable area occupied by pure arecaunt gardens can -not with certainty be said as being wholly occupied with fruit bearing arecaunt trees. This ex. -tent includes the area occupied by mature and immature trees and areas still left unplanted. - Even in mature trees some may not be productive, moreover many gardens, I believe, have become waste and unproductive and because there are few areca. -nut trees scattered here and there the whole areas of such gardens are of necessity included under the head pure arecaunt garden Under such circumstances the duty collected under the head Supari in this District may not look very favor. -able

favorable.

I have the honor to be,

Sir,

Your most obedient Servant,

J. Murnaghan

for Deputy Commissioner

Hapan Dzolenek

*Dated Mysore* 22d December 1892.

*From*

A. Rangaswami Iyengar Esquire B.A. B.L.
*Deputy Commissioner,*
*Mysore District.*

*To*

*The Chief Secretary to the Dewan of Mysore,*

SIR,

With reference to the Government Proceedings no: 102/9 Dated 27th October 1892, I have the honor to submit a statement showing the area of mixed gardens containing cocoanut and Supari trees and the estimated extent occupied by the latter.

The area of 84 acres noted in the Proceedings under reference, relates to the area of pure Supari gardens existing only in the Maudya Taluk, assessed at from Rs 4 to 7 per acre, while the mixed gardens have been assessed at garden rates as fixed by the Survey Settlement.

Explanatory notes have been attached in the remarks column of the accompanying statement.

I have the honor to be,
Sir
Your most obedient Servant

A Rangaswami
Deputy Commissioner
Mysore District

1/11/1

6 Draft

Docket No. 2025 of the 475
31st December 92 from the
Deputy Commissioner of the
Kolar District, submitting
with reference to Govt Ors. No Comp 102-92 27th Oct 92
a statement showing the
areas of mixed gardens.

No 12972 d/ 27.1.93
R.F. 254-92 28

Order thereon.

Government observe
that the Supari produced
in mixed gardens is used
for domestic purposes and
pays no halut, is no reason
for the Deputy Commissioner
not compelling the Amildars
to submit an estimate
(an approximate estimate)
of the area covered by
the Supari trees. The Deputy
Commissioner will now
furnish this information
without further excuses
and delays.

2. The total ~~for the~~

area of mixed Gardens in the District is not given in col: 2 of the statement now submitted by the Deputy Commissioner. Adding up the figures therein given, the total comes to 1110 acres & 20 Guntas while the Nagadiyat Return gave 1100 ~~acres~~ in round figure, acres only (as printed in Pro: No (Camp) 102-9 dated 27th October 1892). This difference should be explained at once.

General No. 374 / No. } 1892-93

With reference to the Proceedings of Government No. 102-9 dated 27th October 1892, has the honor to State that the area of Supari-gardens shewn in the Return of 1890-91, Viz:- 7602-2, does not include area of Supari-trees grown in Cocoanut gardens, and represents only the area of pure Supari gardens.

As directed a Statement is submitted showing the estimated extent of Supari-trees in the mixed gardens where Supari trees are grown along with other trees, such as, Cocoanut, Betel &c.

Pure Supari gardens

| | | A — Gt | Acs | Duty |
|---|---|---|---|---|
| 1. | Tarikere | 5-39 | 41-8 | 9997-5-9 |
| 2. | Koppa | 6290-35 | 93688-13-5 | 65759-12-5 |
| 3. | Chikmagalur | 27-27 | 188-0 | 224-13-11 |
| 4. | Kadur | Nil | — | 6791-5-2 |
| 5. | Mudgere | 1277-21 | 10549-6-0 | 5541-15-1 |
| | | 7602-2 | 104467-11-5 | 88315-4-4 |

Rec'd 30/1

extent in the Malnad, whereas mixed gardens wholly exist in the Maidan Taluks of Chikmagalur, Kadur and Tarikere.

The Supari grown in the Chikmagalur Taluk in the pure Supari gardens, which only amounts to 27 acres and 27 guntas, is reported to be reserved by the growers for home consumption. That grown in the mixed gardens when transported is liable to the duty.

The duty of Rs 88, 3/5-4-4 is that levied on Supari transported to other places grown in the Pure and mixed gardens.

As per headings prescribed in the Nagadiyat under (1) "Areanut gardens", (2) "Cocoanut gardens", (3) "Gardens in which both Areca and Cocoanut trees are planted", the Extent is ascertained and entered under the respective heads.

Every arrangement has been made to see that no article liable to duty is smuggled and that duty on such articles is levied according to the rules and credited.

The rate of assessment per acre of pure and mixed Supari gardens, prevalent in this District is shewn below.

| No | Taluk | Pure garden | Mixed garden |
|---|---|---|---|
| 1 | Tarikere | From 1 to 8 | From 1-8-0 to 16-0-0 |
| 2 | Koppa | From 3 to 22 | Nil |
| 3 | Chikmagalur | From 2-8-0 to 9-8-0 | From 2-4-0 to 12-0-0 |
| 4 | Kadur | Nil | From 2-8-0 to 15-0-0 |
| 5 | Mudigere | From 3 to 14-0-0 | Nil. |

Chief Secretary's Docket No. 12977 R.T. 254-92 Dy 27th ultimo.

---

With reference to the above, has the honor to state that the particulars regarding "Supari gardens" have been submitted with this Office No. 374 Dy 27th ultimo.

The Amildar of Tarikere in his report No. 874, received in this Office on the 27th

dence, submits that detailed orders were issued to Sheikdars and other subordinates, whose attention, he says, was divided owing to the Huzur Jamabandy of the Taluk up to the 5th Ultimo, and that for the most part they were engaged in the preparation of the Jamabandy accounts which caused the delay in the submission of the details.

The Amildar has been informed that the explanation is not satisfactory and that similar delays should be avoided.

Dated Tumkúr 2nd February 1893

To

The Chief Secretary to the
Government of Mysore

Sir,

With reference to the Government order No 12973 / R. F. 25492 of the 27th Ultimo, requiring me to report the names of the Amildars who have delayed submitting the information called for by the Government in connection with the Supari Accounts for 1890-91, I beg to state that the Amildars of the Maddagere, Gubbi, Sira and Kunigal Talukas have supplied the information, while those of the Chikanayakan halli Tumkúr, Pavagada and Tiptur Talukas viz Messrs Mahamedi Raza, Ramaswamiah, Raghavender Rão and Hanumantha Rão have not as yet

done so. Their explanations have been called for, ——— and will be submitted as soon as they are received.

MYSORE DISTRICT,

Dated Mysore 20th February 1893.

From

A. Rangasami Iyengar Esqr.

Deputy Commissioner,
Mysore District.

To

The Chief Secretary to the Dewan of Mysore,

SIR,

In reply to the Government Proceedings No. 12974 / R.T. 254-92 dated 27th January 1893, I have the honor to state that the remark entered against the Nagamangala Taluk was intended to convey the meaning that the Amildar did not state in his return how he had arrived at the area of 300 Acres of Supari gardens.

The return was sent with this remark as its submission was urgent. It has been since ascertained that the figure had been entered as a rough estimate.

I have the honor to be,
Sir
Your Most Obedt Servant.

ਸਰਕਾਰ ਪੰਜਾਬ

ਵਿਸ਼ਾ: ਸਾਲ 1893 ਦੇ ਸਾਲਾਨਾ ਮੇਲੇ ਦੀ ਤਿਆਰੀ

ਸਾਲ 1893 ਦੇ ਸਾਲਾਨਾ ਮੇਲੇ ਦੀ ਤਿਆਰੀ ਸਬੰਧੀ ਮੈਨੂੰ ਹੁਕਮ ਹੋਇਆ ਹੈ ਕਿ ਮੈਂ ਇਸ ਮੇਲੇ ਦੇ ਪ੍ਰਬੰਧ ਲਈ ਇੱਕ ਸਕੀਮ ਤਿਆਰ ਕਰਾਂ ਅਤੇ ਇਸ ਸਕੀਮ ਨੂੰ ਲਾਗੂ ਕਰਨ ਲਈ ਇੱਕ ਕਮੇਟੀ ਬਣਾਵਾਂ। ਇਸ ਹੁਕਮ ਦੀ ਪਾਲਣਾ ਵਿੱਚ ਮੈਂ ਇੱਕ ਕਮੇਟੀ ਬਣਾਈ ਹੈ ਜਿਸ ਦੀ ਮੀਟਿੰਗ ਮਿਤੀ 4 ਮਾਰਚ 1893 ਨੂੰ ਹੋਈ ਸੀ। ਕਮੇਟੀ ਦੇ ਮੈਂਬਰਾਂ ਦੀ ਸੂਚੀ ਅਤੇ ਮੀਟਿੰਗ ਦੀ ਕਾਰਵਾਈ ਦੀ ਨਕਲ ਨਾਲ ਨੱਥੀ ਹੈ।

ਕਮੇਟੀ ਨੇ ਸਕੀਮ ਦੇ ਖਰੜੇ ਨੂੰ ਵਿਚਾਰਿਆ ਅਤੇ ਕੁਝ ਸੋਧਾਂ ਕੀਤੀਆਂ। ਸੋਧਾਂ ਤੋਂ ਬਾਅਦ ਸਕੀਮ ਦਾ ਖਰੜਾ ਮਨਜ਼ੂਰ ਕੀਤਾ ਗਿਆ। ਸਕੀਮ ਦੀ ਇੱਕ ਕਾਪੀ ਨਾਲ ਨੱਥੀ ਹੈ। ਕਮੇਟੀ ਨੇ ਸਕੀਮ ਨੂੰ ਲਾਗੂ ਕਰਨ ਲਈ ਕੁਝ ਸਿਫਾਰਸ਼ਾਂ ਵੀ ਕੀਤੀਆਂ ਹਨ ਜੋ ਸਕੀਮ ਵਿੱਚ ਸ਼ਾਮਲ ਹਨ।

ਮੈਂ ਆਪ ਜੀ ਦੀ ਪ੍ਰਵਾਨਗੀ ਲਈ ਸਕੀਮ ਪੇਸ਼ ਕਰਦਾ ਹਾਂ ਅਤੇ ਬੇਨਤੀ ਕਰਦਾ ਹਾਂ ਕਿ ਇਸ ਨੂੰ ਪ੍ਰਵਾਨ ਕਰਕੇ ਲਾਗੂ ਕਰਨ ਦੇ ਹੁਕਮ ਜਾਰੀ ਕੀਤੇ ਜਾਣ।

AR 64-92

To The Chief Secretary
to the Diwan of Mysore.

Sir,

With reference to Government Proceedings Camp No. 202-9 dated 27th October last, I have the honour to submit a statement shewing the area and assessment of mixed gardens in this district and to state that the Estimated extent in them occupied by the Supari trees cannot be easily ascertained, as the trees are scattered here and there

2. It will be seen from the statement that the assessment imposed on such mixed gardens varies from Rs 2 to 20; while the assessment on pure Supari

gardens

gardens ranges from Rs 1 to 27. 8. 4. the highest in the Sagar Taluk

3. It is reported that the gardens in the Maidan Talukas are not so productive as those of the Malnad Talukas.

4. With regard to the difference in the duty collected on Supari in the several Talukas of this District, I beg to state that the amount of duty collected on Supari, includes both the duty collected on Supari grown in the gardens situated in Govern-ment Villages and also of the gardens in the Inam, Khyam Sutta and Jodi Villages; though the area and assessment of such gardens are not included in the Nagadgal statement.

I have the honor to be

Sir

The Amildar of Sorab reports that the correct extent of mixed Gardens is 107 acres and 2 Guntas and that the extent of 305 acres & 4 Guntas entered in the annual Statement is inaccurate, and the same may now be corrected accordingly.

There are no mixed Gardens in these Taluks.

Serial No

The Chief Secretary to the
Dewan of Mysore.

Sir,

With reference to your Docket general No 16637 / R.J 254-92 of the 10th Instant (received on the 12th), I have the honor to state with considerable regret that the facts have not been fully reported in this office No 1176/1131 dated the 18th March, sent from Head Quarters while I was away in the Sorab Taluk.

2. It is well known that this District is one of the chief Supari producing Districts with an in=
=significant growth of Cocoanut.

3. The area occupied by purely Cocoanut gardens which exist only in the three Taluks noted on the

No one
asked for

margin is in all 53 acres which is little or nothing when Compared with the large extent of 15,708·24 acres in the District occupied by purely Supari gardens.

Sajan . . 30 "
Dithalli 2 "

4. The area given under the head mixed gardens (Supari and Cocoanut) is as follows:-

Shimoga - 269 acres.
Chamarajnagar . . 589 "
Hosmali . . 301 "
Shikarpur . . 1067 "
Sonab . . . 107 "

2333 as recently reported by the Amildar against 305 308
Shewn in the accounts.

305
107
201

First given 2535
Now given 2333
202

5 There are no mixed gardens Shewn in the accounts in the Malnad Talukas of the District Comprising pure Malnad.

6. The major portion of the above area ought not to have been included under

under this head at all, for the majority of the so called mixed gardens are really arecanut gardens, but treated as mixed gardens simply because they contain a few Cocoanut trees also. These insignificant Cocoanut trees were planted next the hedges or enclosures around and in several instances along with other trees Jack, Mango &ca, chiefly with the object of affording shade to the Supari trees forming the gardens in question. The Cocoanut trees are not taken into account at all by the gardeners in the valuation of their respective gardens the value depending wholly on the growth in them of Supari alone. The indifferent growth of Cocoanut does not yield nor is intended to yield fruit sufficient even for the home consumption of an ordinary raiyath.

7. The classification which is evidently extremely faulty, has been

existing for [illegible] years
to be revised with due enquiry and
care hereafter

8. In the Malnad Taluks of Tirthalli Nagar and Sagar, the few gardens of this kind appear to have been very properly treated as purely arecanut gardens.

9. The accompanying statement based on the results of examination made in four villages of the Kasaba Hobli of the Shimoga Taluk confirm the above views Some owners of gardens in the Bidari and Holalur Hobbies of the Taluk, and the — Aravatti Hobli of Sorab gave the same account of most of their own gardens classified as 'mixed' and those in their neighbourhoods. The Amildar of Shamaji in his report gives the same state of affairs in his Taluk

and

2)

and Shikarpur and Hommali fare no better in this respect. The smaller area lately reported by the Amildar of Sonab seems to be still much above the mark.

10. Under these circumstances I submit that it is of no practical use to deduct anything in the extent of these really areca gardens wrongly classified as 'mixed' gardens in the 'Saljhāda' accounts on account of the small number of Cocoanut trees existing in them; the whole area cannot but be regarded as occupied by arecanut and added on to that given under the head of Surpari gardens.

Good - This is what is wanted

11. The only deduction that may fairly be made should be in the area occupied by <u>mixed gardens proper</u>, which exist here and there in

in the Mardan portions only of the District. Such gardens may well be estimated as representing $\frac{1}{4}$ or at most $\frac{1}{3}$ of the area now shewn under the head mixed gardens, and out of this $\frac{2}{3}$ or $\frac{3}{4}$ may be put down for Supari and the remainder for Co-coanut.

accepted $\frac{1}{3}$ ✓

accepted $\frac{3}{4}$ ✓

12. A revised estimate of the mixed gardens formed in accordance with the views expressed above — shewing the approximate extent of Supari in them, is appended.

13. As for the differences of production of Supari and the 'Halat' duly noticed by Government though not particularly in reference to this District, I am making the needful enquiries and shall submit my report in due course

if

if one is found necessary. Best endeavours are however being made to check Smuggling.

I have the honor to be
Sir
Your most obedient Servant.

Abdul Rahiman Khan Bahadur
Asst Commissioner
Shimoga District

BRL.

R.F. 254-92

Order thereon:—

The replies received from the Several Deputy Commrs to the Govt Procs: dated 27th October 1892, No 102-9, Show that the area planted with Supari trees whether in Separate Supari gardens, or in mixed gardens consisting of other trees also, and the

Halat duty actually levied in 1890-91 were as shown below:—

| Distrct | Pure Supari gardens | Estimated area of mixed gardens put down for Supari only | Total area. | Halat duty realized | Duty per acre. |
|---|---|---|---|---|---|
| | Acres. | Acres | | Rs. | Rs. A. P. |
| Bangalore | 212 | 1,703 | 1,915 | 230 | 0—1—11 |
| Kolar | 78 | 73 | 151 | 36 | 0—3—9 |
| Tumkur | 207 | 12,360 | 12,567 | 58,754 | 4—10—9 |
| Mysore | 84 | 7,920 | 8,004 | 3,118 | 0—6—3 |
| Hassan | 239 | 5,074 | 5,313 | 4,254 | 0—12—9 |
| Shimoga | 14,081 | 2,139 | 16,220 | 2,13,137 | 13—2—3 |
| Kadur | 7,602 | 2,196 | 9,798 | 88,315 | 9—0—3 |
| Chittaldrug | 57 | 2,838 | 2,895 | 7,915 | 2—11—9 |
| Total | 22,560 | 34,303 | 56,863 | 3,75,759 | 6—9—8 |

2. The variations in the duty are remarkable, and the Deputy Commrs have not given proper explanation as to why the duty in some districts should only amount to less than x Rupee an acre, while in Shimoga it is as

much as 13 Rs. an acre, and in Kadur 9 Rs. an acre.- The Deputy Commrs. of all districts except Shimoga are requested to report (1) how the Halat duty is now collected, (2) whether the produce of each garden is estimated annually by the Patél of each village, (3) whether Kulvar chits are regularly given for all produce removed from the garden, (4) at what rate allowance for domestic use is made, (5) what is the estimated produce for each acre, and (6) whether the owners of gardens are regularly called upon to account for the difference between the estimated produce and

* The Collector of Kadur has been addressed 12-7-80 in the draft.

which duty is collected.
The Government consider
that either there is some
error in regard to the area
shown as planted with
Supari trees, or a large
quantity of produce is
allowed to pass without
the payment of duty. It
is true that gardens in Shi-
-moga are more productive
than those in the other
Districts, but the difference
in the production cannot
be so large as that indi-
cated by the figures
given in the above table.
The Deputy Commrs are there-
fore requested to Scruti-
nize the matter thoroughly
and report the measures

they have adopted to
prevent Smuggling in future.

3. The reply to this Order
must be Submitted
before the 30th September
1893 at the latest.

Chief Secretary.
